(15) Will your house still be there after wildfire threatens your neighborhood? Be prepared by joining your neighbors to create a fire safe community. Visit the Nevada Fire Safe Council at [NVFSC.org](http://NVFSC.org)

(15) Clearing your property of bush and debris is not just a matter of pride when you live in the wildland urban interface; it's also about survival. Work with your neighbors to a fire safe community. To find out how visit the Nevada Fire Safe Council at [NVFSC.org](http://NVFSC.org)

(15) You don't have to be a firefighter to make your community safer from wildfire. Working together, homeowners can play a large role in creating a safer community. To find out what you can do visit the Nevada Fire Safe Council at [NVFSC.org](http://NVFSC.org)

(15) Wildland fire is natural process that could happen in your area, so make sure you and your neighbors are prepared. Join the Nevada Fire Safe Council and form a coalition to reduce the fire threat in your area. Visit the Fire Safe Council at [NVFSC.org](http://NVFSC.org)

(15) Protecting your community from wildfire is a team effort. Be part of the team by joining with your neighbors, the fire departments, and the Nevada Fire Safe Council to create a safer community. Visit the Nevada Fire Safe Council at [NVFSC.org](http://NVFSC.org)

(15) You can't do it alone. Reducing the threat of wildfire takes a total community effort. The Nevada Fire Safe Council is here to help get you organized. Visit the Nevada Fire Safe Council at [NVFSC.org](http://NVFSC.org)

(15) When you smell smoke and see flames it is too late to think about what should have been done. Join with your neighbors and create a community fire protection team. The Nevada Fire Safe Council is here to help. Visit the Nevada Fire Safe Council at [NVFSC.org](http://NVFSC.org)

(30) The Nevada Fire Safe Council would like to remind you and your neighbors to begin planning your community fuel reduction plan now. Implementing the work year round aids your neighborhood in being as fire safe as possible before the first fire strikes.

Remember, it's the action taken prior to a wildfire (such as clearing bush and debris from your community) that is critical to your homes surviving should a wildland fire occur.
